IT SOP: Password Reset

Standard operating procedure for corporate password reset

Version	v1.3
Document Type	Corporate Policy
Classification	Internal
Owner	Enterprise Knowledge Assistant
Effective Date	January 2026

Password Reset Procedure

- Step 1: Go to https://password.company.internal
- Step 2: Click 'Forgot Password' on the top right.
- Step 3: Enter your employee ID or registered email address.
- Step 4: Choose reset method: SMS OTP or Email OTP.
- Step 5: Enter the 6-digit OTP received (valid for 5 minutes).
- Step 6: Set a new password meeting the policy below.

Password Policy Requirements

- Minimum 12 characters in length.
- At least 1 uppercase letter (A-Z).
- At least 1 lowercase letter (a-z).
- At least 1 digit (0-9).
- At least 1 special character (!@#$%^&*).
- Cannot reuse last 5 passwords.
- Must be changed every 90 days (forced).

Post-Reset Steps

- The new password syncs to Active Directory within 5 minutes.
- Restart your machine to refresh Kerberos tickets.
- Update saved passwords in browsers and email clients.
- If using Outlook desktop, re-enter password when prompted.

Troubleshooting

- If OTP not received within 2 minutes: check spam folder, then contact IT desk.
- If account is locked after 5 failed attempts: wait 30 minutes or call IT desk.
- IT desk contact: ext. 4500 or it-support@company.com.
- Available Monday-Friday, 8 AM to 8 PM IST.
